

Tasting notes

Val Caudalies' Lab Vermouth is a sweet, amber-coloured, fresh and complex vermouth crafted using first quality white wine and all-natural ingredients.

Its wide aromatic balance makes it intriguing yet very harmonious. It has fruity, spicy, tangy and bitterish characters altogether. The rich absinth and other herbal extracts combine perfectly to create a tasteful and mouth-watering result.

Service

This vermouth is worth being appreciated on its own, on the rocks, or simply lengthened with tonic soda. It makes superbly as an aperitif. It is also a prime ingredient for mixologists aiming at creating the best and most sophisticated cocktails. Serve cold.
